BuzziPleat Pendant with Globe Light By BuzziSpace

Description

The BuzziPleat Pendant offers a striking dynamic look that combines traditional fashion design techniques with modern acoustic performance. Featuring large architectural folds that mimic smocking, the large-scale design is lightweight and serves to both absorb high and mid tones, as well as diffuse light. At the center the BuzziSol light provides a nice warm glow, complete with a Black powder coated heat sink and canopy and aluminum cables. Available in two sizes with a Ripple or Edel pleat and choice of Stone Grey, Anthracite, Off White or Lime felt with Black lace stitching or an Off White felt shade with White lace stitching.
