Blown Pendant By &Tradition

Description

The Blown Pendant explores the reflections, distortions, and refractions that happen when a light source is surrounded by patterned glass. Inspired by everything from antique lamp lenses and lighthouses to seeds and raspberries, it features a beautiful mouth-blown Silver Lustre glass with a quilted texture. This enchanting piece has a dramatic effect in your space whether suspended in clusters or rows or showcased as a standalone item. Two sizes are available, 9 inch (model SW4) and 11 inch (SW3), with or without UL listing.
