DESCRIPTION

Gaku Table Lamp, designed by Oki Sato, aims to create what's never been created before. In his quest to challenge himself, Sato dreams up innovative products and spaces across sectors that push the boundaries of design. Available in Black and White. The wireless design integrates an induction charger in the frame that powers a lamp through non-contact charging. The portable luminary can be moved to provide light wherever needed. Featuring four levels of brightness controlled through a dimmer switch on the light fitting, the fixture can operate for 6 to 48 hours autonomously. A battery indicator light shows when it needs to be recharged.

SHADE COLOR	N/A
BODY FINISH	White
WATTAGE	5W
DIMMER	Included
DIMENSIONS	4.72"W x 13.77"H
INTEGRATED LED MODULE
