

**BRAND**

Martinelli Luce

**DESCRIPTION**

The Cobra boasts a sleek, iconic look composed of two resin molded bodies connected by a central joint for a 360 rotation, finished in Black, White or Red with a White painted aluminum interior reflector. Characterized by its geometric, spherical silhouette, it transforms with the rotation of the arm the reflector taking a position that is reminiscent of a cobra ready to strike. Provides direct light. Available finished in Black, White, or Red. On / Off switch located on cord. CE and cUL listed.
