Callimaco Floor Lamp

By Artemide

Description

The Callimaco Floor Lamp by Artemide, designed by Ettore Sottsass, is a vibrant and iconic piece that defies convention with its bold use of color and sculptural form. More than just a source of light, Callimaco is a statement of artistic expression, infusing spaces with playful energy and sophisticated illumination. This multicolor, floor-standing fixture is primarily designed for indirect lighting, casting a soft, expansive glow that enhances the overall ambiance of a room. Its striking body is crafted from aluminum with a vibrant painted Yellow finish, contrasting beautifully with a steel diffuser in a painted polished Red finish, and grounded by a steel base in a painted polished Grey finish. A gleaming Polished Chrome handle adds a touch of refined detail. A seamless touch dimmer incorporated in the body allows for effortless control over light intensity, enabling you to curate the perfect mood. Callimaco stands as a testament to Sottsass's enduring influence, bringing a unique blend of artistry and functionality to contemporary interiors.
