

BRAND

Lutron

DESCRIPTION

The Caseta Wireless In-Wall Dimmer Pro allows for dimming of multiple load types, and when paired with Pico remote controls allows remote control from anywhere, both directly and remotely, using radio frequency (RF) technology. Works with compatible dimmable screw-in LEDs as well as incandescent, halogen, and halogen MLV loads (neutral wire required for MLV). Also compatible with dimmable ballasts. When used with the Lutron Smart Bridge or Smart Bridge Pro, the dimmer may be programmed via the Lutron app, incorporating lighting scenes, scheduling for daily events, and can be controlled from anywhere. Available in gloss finishes. Designer wall plate sold separately.
