Aura Plus Wall / Ceiling Light By Marset

Description

The Aura Plus, designed by Joan Gaspar, is inspired by the traditional glass carafe, a mainstay of households the world over. It is rooted in our culture. It leaves an emotional footprint, a true indication of its intention to stand the test of time and become one of those companionable objects that brings life to a house, that winks with complicity when we walk by or enjoy its light. Mounts to the wall or ceiling.
