DIY LCS.3 0.3 Light Channel Surface Mount

By PureEdge Lighting

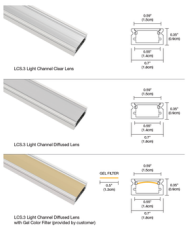

DAMP

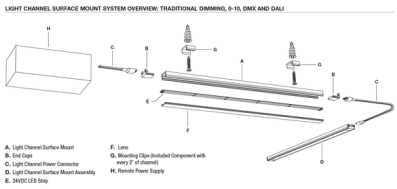

Description

The functional and architectural Do-It-Yourself (DIY) LCS.3 Light Channel delivers smooth, continuous light with pixel-free illumination. The slim and shallow profile in paintable aluminum is less than 3/8 inch high, field-cuttable, available with multiple lens options, and can be mounted to ceiling or wall. Both the clear and diffused lens options are gel color filter suitable allowing for color personalization (gel filter sold separately). Start the ordering process by selecting the desired channel length and lens length. Then order the required LED Strip (Lazer or Stomp/Soft Strip), End Caps (pair) and Power Feed (Lazer Strip or Stomp/Soft Strip feed). Includes mounting clips for every 2 feet of channel. See LED strip for required power supply options. NOTE: Required power supply, Strip, end caps, and power feed; and optional accessories as needed sold separately. Product is built to order

Shown in satin aluminum / diffused lens
