**DESCRIPTION**

Luna A.Moon Wall Sconce is inspired by the moon's mysteries. Constructed of Nebulite, a specially developed material made of resins and fibers, that mimics the uneven, softly luminescent qualities of the moon's surface. The globe shaped shade is constructed of Nebulite, a specially developed material made of resins and fibers, that mimics the uneven, softly luminescent qualities of the moon's surface. Available with a White Shade which casts a please glow on any surface, in three sizes.
