## Multi-Lite Floor Lamp

By Gubi

### Description

The Multi-Lite Floor Lamp embraces the golden era of Danish design with its characteristic shape of two opposing outside mobile shades that enable a custom installation and a wide range of lighting in a room. By individually rotating the shades, it can be transformed into multiple combinations where the light can be directed upwards, downwards or exude asymmetrical light. Set into a slim body with round floor plate. On/Off foot switch on cord.
