Acorn Color Pendant

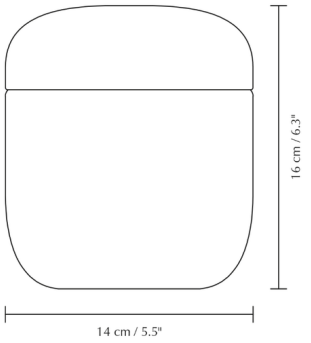

By Umage

Description

The Acorn Color Pendant, designed in Denmark by Jakob Rudbeck, is like a breath of fresh crisp air. Listen to the sound of the wind playing with the leaves. Admire the small, delicate acorns lying at the roots of the majestic oaks. This is a memory you want to keep. It's simple and picturesque. Acorn resembles this delicate nut, consisting of a soft Black or White silicone cup and an inner kernel in Steel with a translucent Smoked glass or Brass with translucent Amber glass, all interlacing in a dainty symphony. The Acorn may be small, but it holds a bright world inside. 5.5 inch diameter canopy. UL listed.
