Crio Pendant By Fabbian

Description

The Crio Pendant collection is designed for larger scale spaces. The collection is the result of the studies made by designer, Gio Minelli, on the polyhedrons of Archimedes and the techniques for producing aluminum sheeting, and his painstaking research to create a balance between shape and thought. The Crio is available in a painted aluminum or wood veneer over aluminum finish with an opaline PMMA diffuser. The 70.8 inch option is only available in White finish with integrated LED.

Shown in white / white
