Column Portable Table Lamp

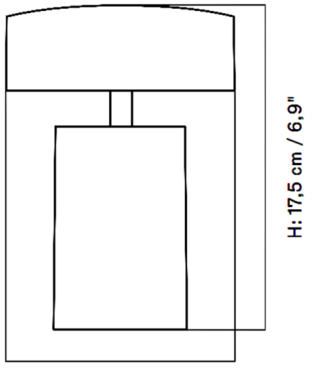

By Audo Copenhagen

Description

The Column Portable Table Lamp, designed by Norm Architects, inspired by the bollards onboard ships, combines technology and mood-setting style in a striking mushroom shape with a modern edge and natural feel. The design embodies freedom of form in its bold, cylindrical elements. An included dimmer switch located on the lamp's base allows the brightness to be adjusted to 25, 50, or 100 percent. Includes USB cord with magnetic connector (charger plug not included). Battery life ranges from 7 to 18 hours depending on brightness setting. Charging time approximately 6.5 hours.

Shown in anodized aluminum

Specifications
