Alchemie Table Lamp

By Catellani & Smith

Description

The new lamp Alchemie Table Lamp is an exquisite sculpture composed of two discs. One disc is made of alabaster and stays fixed, while the second disc is made of brass and slides on a track base made of Medea limestone. The interaction between light and shade reaches its peak the moment when the two discs overlap and almost mimic an eclipse. Includes 12 watt LED strip and features an on/off switch on the base. 10.23 inch diameter discs.

Shown in brass / alabaster
