Dart Chandelier

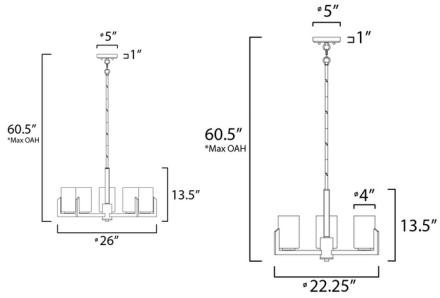

By Maxim Lighting

Description

The Dart Chandelier is inspired by the minimalist geometry popular in Modernist work. A steel frame is composed in straight lines that turn up and end in an angle that supports Satin White glass cylinder shades. Another wonderful feature of the Dart is that it can be hung on up to a 70 degree sloped ceiling! Dimmable via Triac or electronic low voltage (ELV) dimming.

Shown in satin nickel / satin white
