Radial Square Pendant

By Maxim Lighting

Description

The Radial Square Pendant is a fun and unique piece composed of numerous concentric rings with a Black finish on the outside and a brilliant Gold finish on the inside. Each ring pivots from a center point, allowing the user flexibility for a custom look. Another wonderful feature of the Radial is that this pendant can be installed on a sloped ceiling, thanks to the pivot down-rod coming from the canopy. Also available in Polished Nickel with Black. UL listed.
