Suspenders Gridscape Pendant with Monoline Domed Ball Lights By SONNEMAN - A Way of Light

Description

The Suspenders Gridscape Pendant with Monoline Domed Ball Lights transforms your space with its architecturally impactful design. Its intersecting power bars form a dramatic, expansive gridscape across a broad plane, from which a multitude of Monoline Domed Ball luminaires are suspended to create a dazzling dot array of light. White acrylic shades diffuse the LED light for a soft, even glow. Note: The included transformer must be installed in a remote accessible location.

Shown in satin black / white
