Suspenders Gridscape Pendant with Monoline Domed Ball Lights

By SONNEMAN

Description

The Suspenders Gridscape Pendant with Monoline Domed Ball Lights transforms your space with its architecturally impactful design. Its intersecting power bars form a dramatic, expansive gridscape across a broad plane, from which a multitude of Monoline Domed Ball luminaires are suspended to create a dazzling dot array of light. White acrylic shades diffuse the LED light for a soft, even glow. Note: The included transformer must be installed in a remote accessible location.

Shown in satin black / white
