Lattimo Droplet Pendant

By Siemon & Salazar

Description

The Lattimo Droplet Pendant is a variation on the banded line, these pieces focus on their forms rather than the juxtaposition of colors. The name refers to the Italian technique of lattimo or milk glass. Two opaque swathes of color are wrapped around a clear crystal bubble. Made in California and signed by Caleb and Carmen.Note: Each piece of hand-blown glass is a unique work of art. Dimensions, weight, and color will vary. When multiple fixtures are installed next to each other, expect some variation in shape and color.
