DESCRIPTION

The Orbital Table Lamp offers celestial bodies with hypnotically glowing cores. The ingenious design of a hand-blown glass lens, held in place by a metal band creates a fascinating visual experience. This beautiful lamp can add that pop of color you were looking for. Mix or match for an eye catching effect. Fitting for a wide variety of decors. In-line dimmer on cable. The glass is mouth-blown thus the intensity of color and gradient may slightly vary. Made in Czech Republic.
