Abacus Pendant

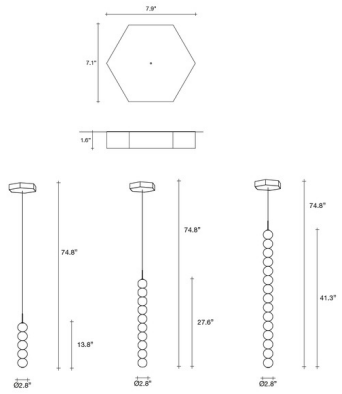

By Terzani USA

Description

The Abacus Pendant has a pure and clean, functional design. This pieces namesake has been used for centuries as the tool to both teach and communicate mathematics, found in one form or another across the ancient world. Each strand, of Abacus contains a custom set of round, hand blown Opal glass globes which emit a soft and uniform light. Available with a Brass or White canopy in three different strand heights.

Shown in brass / opal
