## VL Ring Crown Wall Sconce By Louis Poulsen

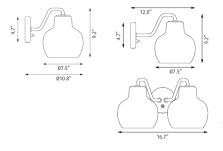

## Description

The VL Ring Crown Wall Sconce, designed by Vilhelm Lauritzen, was created for use in the Danish Broadcasting House in Copenhagen in the 1940s. Brings a distinct and authentic touch to stylish interiors as well as a warm light to softly illuminate contemporary living. It's made of untreated, Polished Brass and glossy white, triple-layered, mouth-blown opal glass shades. Available with 1 or 2 lights. UL listed.

Shown in polished brass / opal
