Description

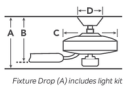

The Gentry Ceiling Fan with Light makes an impact with its stunning visual effect and impressive airflow. Most finish options come with reversible blades, allowing customization to suit your design style. The integrated LED light provides terrific ambient light while the powerful DC motor delivers refreshing airflow, perfect for living rooms, bedrooms and covered outdoor spaces. The included full function wall control enables motor on/off, 6 speeds, forward and reverse, and lights on/off with full-range dimming. Optional accessories are sold separately.
