Hauteville Counter Chair

By Lyon Beton

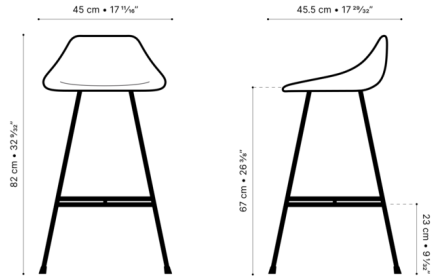

CONTRACT GRADE

Description

The Hauteville Counter Chair draws inspiration from iconic mid-century design with a modern twist. Constructed with a concrete shell and plywood legs. Despite the use of unconventional materials, the chair has an incredibly ergonomic and comfortable seat, while ultra-fine sanding gives it a silky-smooth finish. Versatile enough for practically any space, this minimalist design will leave an impression everywhere it goes.

Shown in natural concrete / light grey
