Aria Rectangle Lighted Mirror

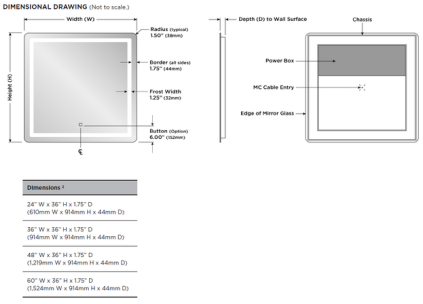

By Electric Mirror

Description

The Aria Rectangle Lighted Mirror offers a delicate dichotomy of design for any room requiring a unique new look: the romantic curves of rounded corners combined with the exacting look of a symmetrical inset border of light. Available in standard external dimming option (Forward-phase/ Triac dimming) or integrated Ava dimming. Ava touch-tunable white and dimming technology allows user to switch color temperatures between 2700K, 3000K, 3500K, 4000K, 5000K, Night Glow, and dim to off. Night Glow mode is eye sensitivity adjustable technology which automatically reduces the light level as eyes adjust to low light. Adjustable brightness level from 10 to 100 percent. Note: The Aria Rectangular mirror must be installed in the W x H (width x height) orientation as listed; it cannot be installed in any other direction.
