BRAND

Shade Lights

DESCRIPTION

The Shade S1 Floor Lamp was designed on the philosophy that you should provide the user with the ability to create the lighting the user needs. With this lamp you have a completely dynamic fixture that allows you to adjust the light intensity, temperature, direction, and color allowing you to make the lamp fit your needs. The top and bottom LEDs adjust between 2700 and 5600 Kelvin with a centerpiece that can be adjusted within the full range of the RGB spectrum. Light is adjusted via an app or an optional Shade Node portable device. This lamp is also adaptable on a wall or on a ceiling. Available with or without the Shade Node in a Black or White finish complemented by either Brass or Black rings. UL listed.
