Discovery Extended Suspension

By Artemide

Description

The Discovery Extended Suspension by Artemide, a masterpiece of minimal geometry and luminous illusion, represents a pinnacle in contemporary lighting design. This fixture transcends the tangible, appearing as an almost weightless, immaterial presence until it springs to life with a captivating glow.At its core is a remarkably light aluminum ring that houses an advanced LED strip. This strip brilliantly injects light into a specially worked surface of transparent PMMA). The diffuser, composed of this perfectly transparent PMMA, is processed with micro-particles so minuscule that the surface is hardly perceptible when the fixture is turned off. When activated, the transparent interior astonishingly appears to fill with light as if by magic. This unique result is achieved through Discovery's innovative direct and indirect emissions, which together produce an embracing and perfectly uniform light across the entire surface. Their geometry and precise layout are meticulously calculated to ensure constant emission and eliminate any hot spots.

Shown in polished aluminum / transparent

Specifications

COLOR	Transparent
BODY FINISH	Polished Aluminum
WATTAGE	49.3W
DIMMER	Dimmable
DIMENSIONS	27.55"W x 78.75"H
INTEGRATED LED MODULE	1 x LED/49.3W/120-277V LED
COUNTRY OF ORIGIN	Italy

Technical Information

PRODUCT DIMENSIONS	Max Overall Height: 230"
COLOR RENDERING	90 CRI
LAMP COLOR	3000K
