Smithfield Ceiling Light Fixture By FLOS

Description

Discover the understated brilliance of the Flos Smithfield C Ceiling Light Fixture, a design by Jasper Morrison that embodies sleek simplicity and robust performance. This versatile ceiling light is perfectly suited for any room, offering a clean, unobtrusive presence that seamlessly integrates into diverse interior aesthetics. Its expansive aluminum shade, available in a sophisticated palette, gracefully encloses an opalescent polycarbonate diffuser. This combination ensures a beautifully diffused, uniform glow that illuminates your space without harshness. The Smithfield C goes beyond basic illumination by offering advanced lighting control. You can select between a crisp 2700K or 3000K color temperature to set the ideal mood. Designed for modern electrical systems, it supports both Electronic Low Voltage (ELV) or Triac dimming at 120V, and provides robust 0-10V dimming at 120-277V. This makes it an incredibly adaptable choice for a wide range of residential and commercial applications where precise light control and a refined aesthetic are paramount.

Specifications
