Arkay Three Outdoor Bollard By Visual Comfort Architectural

Description

The Arkay Three Bollard is topped with a band of light that aims symmetrical illumination downward to create controlled pools of light, ideal for outdoor path and campus illumination. Die cast aluminum structure available in Black marine grade powder coat finish with stainless steel hardware for durability in harsh elements and appropriate for commercial use. Bolt mounting option - bollard base not suitable for branch circuit through wiring. Universal 120-277V with integral surge protection driver. Dimmable with 0-10V, electronic low voltage (ELV) or Triac dimmer, sold separately. ETL listed. IP65 rated for wet locations. Title 24 compliant. Available in performance options: standard, GFCI outlet, photocontrol, in-line fuse, or emergency back-up.
