Acrilica Table Lamp

By Oluce Srl

Description

The Acrilica Table Lamp was designed by Joe Colombo in 1962. It is considered one of the most iconic and innovative lamps of the 20th century. The lamp is made of a single, thick piece of curved acrylic that rests on a Black or the 60th Anniversary limited edition Portoro Marble base. The integrated LED is diffused through the acrylic, creating a soft, indirect glow.
