Accordeon Table Lamp By Slamp

Description

The Accordeon Table Lamp conjures the image of a textile plisse or an accordion's bellows. The collection is a sure marker of the new contemporary narrative that sees design, fashion, artisan technique and technology in permanent interaction. The lamp has dual on/off switches, one for the shade and another for the base. Both light sources can be used together, and cast a uniform glow and a cotton-like silhouette. CE listed.
