Meridian Pendant

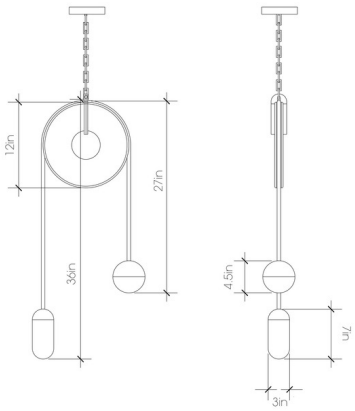

By Kalin Asenov

Description

The Meridian Pendant's design takes inspiration from Chinese Bi disks. In the Chinese tradition, a Bi is associated with heaven and represents the sky. The large Marble disk supports two pendants that drape down in an asymmetrical balance while details of Machined Brass and hand-blown glass complete the Meridian's look. Place this powerful pendant in the dining room, kitchen, or anyplace in need of a spiritual statement.

Shown in brushed brass / white
