BRAND Visual Comfort Modern

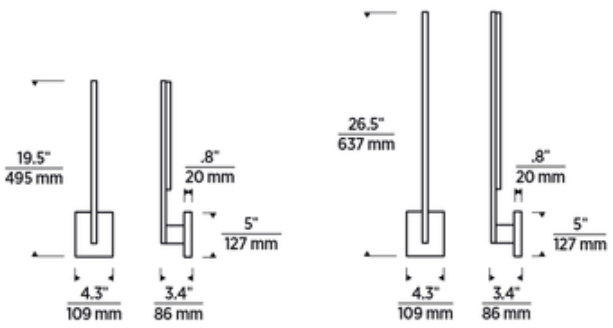

DESCRIPTION

The Klee Wall Sconce 120V exudes modern minimalism through its ultra-slim form, composed of a metal bar lined with an acrylic light guide. Perfect for illuminating contemporary spaces such as hallways and living rooms, this light adds a warm ambient glow with chic modern appeal. TRIAC and ELV dimmable. The Natural Brass is a living finish that will patina and warm over time, enhancing its richness. If the patina becomes uneven or spotty, a brass cleaner can restore the finish.
