14.9 Linear Multi Light Pendant

By Bocci

Description

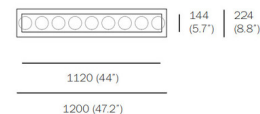

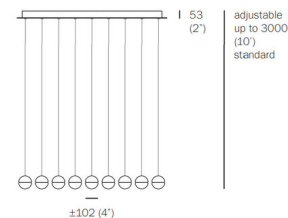

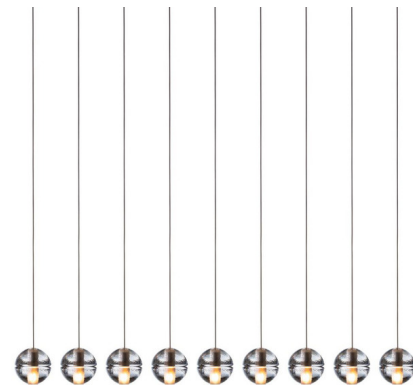

14 is an articulated, cast glass sphere with a frosted cylindrical void that houses a low-voltage lamp. Individual pendants are visually subtle, but gain an atmospheric quality when multiplied and clustered in groups. Available with 1.5W LED or 10W Xenon lamping. Choice of a Brushed Nickel or White powder-coated canopy. Includes 120 inch coaxial cables able to be adjusted on site. Made in North America. UL and CE listed. Bocci recommends mounting power supplies remotely in an easily accessible and hidden location for ease of long-term maintenance as well as providing a robust 5/8 inch plywood backing in the ceiling for secure installation.

Specifications
