

DESIGNER

Omer Arbel

BRAND

Bocci

DESCRIPTION

14 is an articulated, cast glass sphere with a frosted cylindrical void that houses a low-voltage lamp. Individual pendants are visually subtle, but gain an atmospheric quality when multiplied and clustered in groups. Available with 1.5W LED or 10W Xenon lamping. Upon ordering, the length of the shortest and longest pendants must be provided. Bocci will create a random selection of lengths throughout the minimum and maximum range provided - see pictured measurement guide. Headphone jack connections are used which allow the pendants to be plugged into the canopy for fast and easy installation. Made in North America. Bocci recommends mounting power supplies remotely in an easily accessible and hidden location for ease of long-term maintenance as well as providing a robust 5/8 inch plywood backing in the ceiling for secure installation. Cables are not adjustable on site.

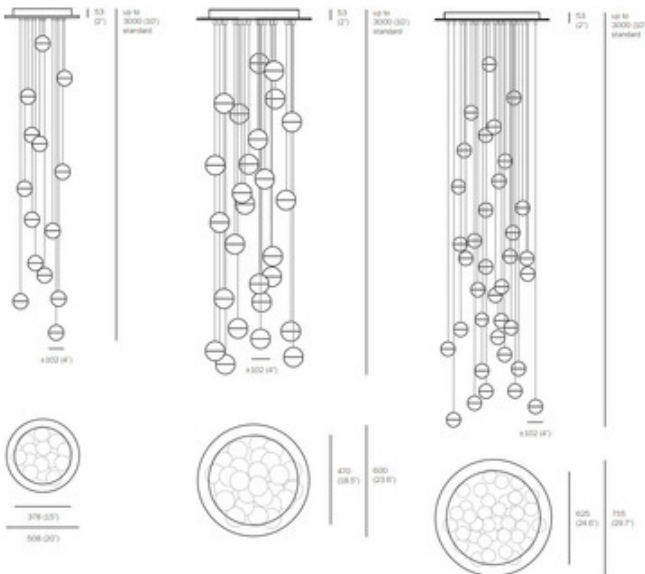

SHADE COLOR	Clear
BODY FINISH	White
WATTAGE	21W
DIMMER	Low Voltage Electronic
DIMENSIONS	20"W x 4"H
BULB INCLUDED	
LAMP	14 x Bocci JC/G4 (bipin)/12V LED
