

DESIGNER Omer Arbel
BRAND Bocci

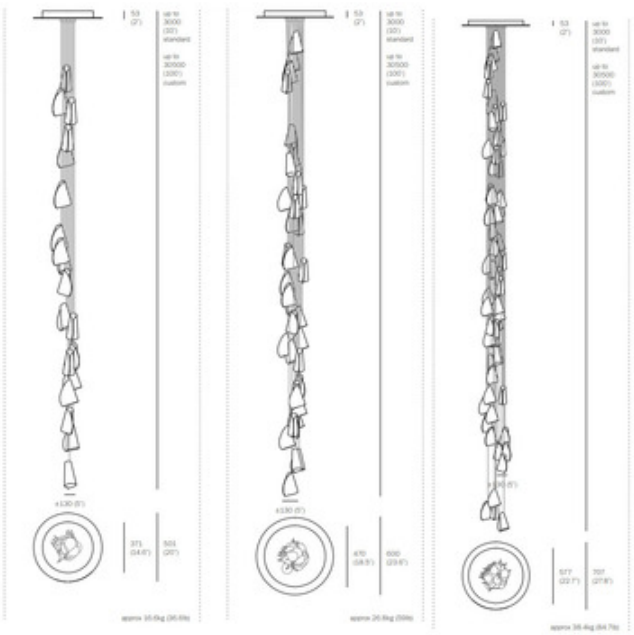

DESCRIPTION

Inspired by the sporadic, discordant arrangement of barnacles on a rock surface, the 21 Series shade is fabricated from thin sheets of porcelain wrapped around a trumpet shaped borosilicate diffuser, each housing a low voltage lamp. A strong contrast is established between the organically distributed soft light passing through the white porcelain skin and the sharp, crisp light passing through the borosilicate glass diffuser. Available with 1.5W LED or 20W Xenon lamping. Choice of nineteen, thirty-seven, or sixty-one pendants clustered together on a White powder-coated round canopy. Upon ordering, the length of the shortest and longest pendants must be provided. Bocci will create a random selection of lengths throughout the minimum and maximum range provided - see pictured measurement guide. Made in North America. Bocci recommends mounting power supplies remotely in an easily accessible and hidden location for ease of long-term maintenance as well as providing a robust 5/8 inch plywood backing in the ceiling for secure installation. Cables are not adjustable on site.

SHADE COLOR	Raw Porcelain
BODY FINISH	White
WATTAGE	380W
DIMMER	Low Voltage Electronic
DIMENSIONS	20"W x 10"H
BULB INCLUDED	
LAMP	19 x Bocci JC/G4 (bipin)/20W/12V Krypton Xenon

SPEC # BCC953750
