Tekio Vertical Pendant

By Santa & Cole

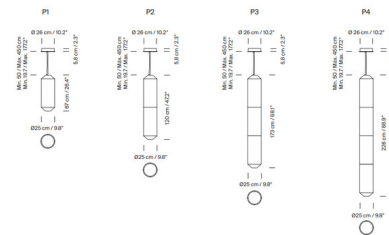

Description

The Tekio Pendant merges ancient artisan techniques with modern technology to deliver the avant-garde in contemporary lighting. Inspired by traditional Japanese lanterns, the Tekio's Washi Paper body is resilient and ductile, even malleable. Once illuminated, the integrated LEDs with Warm to Dim technology (2700K to 2200K) boasts a warm texture that filters in a soft, gentle light. Available in four sizes. UL and CE listed. Use a dry cloth to wipe the shade. The paper is treated with wax, making it easier to clean than untreated washi paper, but a wet cloth should not be used.
