Ginger Pendant

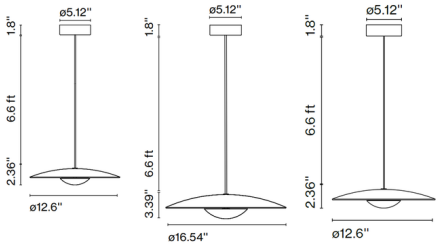

By Marset

Description

The Ginger Pendant is an extraordinarily lightweight disk crafted of beautiful natural wood of sleek aluminum. To form the wood disc versions, a combination of sheets of wood, paper, and resins are pressed together under high pressure to achieve a domed laminate. An inner disc supports an integrated LED disc that directs light upward into the larger shade for soft, diffused illumination.Note: The 12.6 inch size is available with either Low Voltage Electronic (ELV) or 0-10V dimmable driver. The 16.5 and 23.6 inch sizes include a dual dimming driver compatible with both ELV and 0-10V dimming.

Shown in matte black / oak / white interior
