Brim Monorail Head

By Visual Comfort Architectural

Description

The Brim Monorail Head is compatible with 1-circuit Monorail track systems. Includes 12 volt, 9.2 watt field replaceable LED module. Features 20, 30, or 40 degree beam spread options and three stem length options. Available at 2700K or 3000K. Includes a monorail connector. As a general rule when using this fixture head, it is not recommended using greater than 33 percent of the maximum wattage for the low voltage transformer due to the inrush current requirements. Dimmer type dependent on system transformer (low voltage magnetic or electronic).

Specifications
