Burk Monorail Head

By Visual Comfort Architectural

Description

The Burk Monorail Head is compatible with 1-circuit Monorail track systems. Includes 12 volt, 12 watt field replaceable LED module. Features 18 or 40 degree beam spread options and two stem length options. Available with 80 or 90 CRI at 2700K, 3000K, or 3500K. As a general rule when using this fixture head, it is not recommended using greater than 33 percent of the maximum wattage for the low voltage transformer due to the inrush current requirements. Dimmer type dependent on system transformer (low voltage magnetic or electronic).

Specifications
