## Nami Wall Sconce

By kdIn

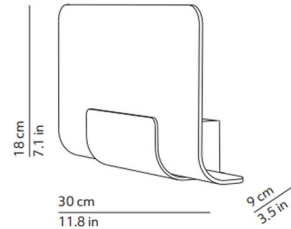

### Description

The Nami Wall Sconce's slim and sleek profile combines Aluminum with a textured Glass diffuser in order to deliver a flagship example of contemporary lighting. A base finished in Black or Brass, holds a curved piece of glass that is lightly corrugated to give the Nami depth and gently soften the emitted LED light. Place this sconce around the home in places where layered lighting is most needed. CE listed.

Shown in black / clear
