Anslee Ceiling Fan with Light

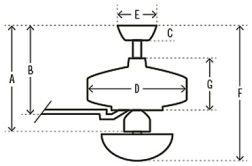

By Hunter Fan

Description

The Anslee Ceiling Fan with Light offers a clean, casual look that works well in many interior settings. Equipped with a 3-speed WhisperWind motor, this fan quietly delivers powerful airflow while the light kit provides ambient illumination, creating a comfortable environment. Reversible blades allow you to tailor the color scheme to complement your space. Fan power and speed is controlled by a pull chain, and another pull chain turns the light on and off. Fan direction can be reversed using a switch in the fan. Optional accessories are sold separately. Note: The 44 inch fan is not available in some finishes.
