Aker Outdoor Ceiling Fan with Light

By Hunter Fan

Description

The Aker Outdoor Ceiling Fan with Light keeps your covered porches and patios and other covered outdoor spaces cool while adding a stylish touch. Influenced by Scandinavian modern design, its soft lines give it a transitional look that can be used in various style rooms, from midcentury modern to farmhouse style. The blades are reversible with two different finishes for tailoring the look to your room. A WhisperWind motor delivers high velocity airflow that quickly cools the area to ensure a comfortable environment, and a light kit provides ambient illumination. A 3-speed pull chain controls the fan motor and a separate chain turns the lights on and off. Fan direction can be reversed using a switch on the fan. Optional accessories are sold separately.

Specifications
