Big Ass Fans

DESCRIPTION

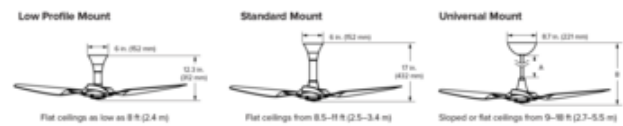

The Haiku UV Indoor Ceiling Fan was designed with homes and small spaces in mind. Its precision hand balancing and silent operation combine for lasting, perfect performance. SenseMe technology works automatically with your preferences to keep the room comfortable with a fleet of sensors and an onboard computer. Works with iPhone app that works with Nest Learning Thermostat and included IR remote. Features a DC/EC motor with digital inverter drive, hand balanced blades for wobble free operation at all speeds. Remote control includes ten unique control settings including a sleep and whoosh mode which simulates natural breezes to make you feel cooler. Available with a variety of blade and motor finish combinations. Includes a 20 inch and 32 inch downrod. Option of 52, 60, or 84 inch blade span. The Clean Air System from Big Ass Fans reaches new heights with the industry's most effective air disinfection solution. Utilizing a UV light source that has a multitude of benefits including killing airborne viruses and bacteria (including COVID-19), neutralizing allergens, odors and fumes, improving air quality and much more. ETL listed. Note: 84 inch blades with UV technology are not available in Bamboo
