PH Snowball Warm Dim Pendant By Louis Poulsen

Description

The PH Snowball Warm Dim Pendant emits comfortable glare-free diffuse light. Matte painted under surfaces and glossy top surfaces result in an attractive reflection of the diffused light, creating uniform light distribution around the fixture. When the light is switched on, the top portion is illuminated while the bottom part reflects the light. Available in White with a Chrome finish with warm dim technology in Incandescent or 0-10V dimming options. UL and cUL listed.
