Radiohus VL45 LED Pendant

By Louis Poulsen

Description

The Radiohus VL45 LED Pendant was originally designed for the Radiohus building in Copenhagen. The opening at the bottom of the glossy Opal glass produces downwards directed light, while the glass provides uniform, general and diffused illumination. These delicate yet bold pieces look great on their own, or grouped together for a more dramatic effect. Available in White Opal glass with a Brushed Brass finish with Incandescent or 0-10V dimming options. Canopy: 5 inch diameter. UL listed.
