### DESCRIPTION

The Radiohus VL45 Warm Dim LED Pendant designed by Vilhelm Lauritzen, was originally designed for the Radiohus building in Copenhagen. The opening at the bottom of the glass produces downwards directed light, while the glossy Opal glass provides uniform, general and diffused illumination. These delicate yet bold pieces look great on their own, or grouped together for a more dramatic effect. Available in White Opal glass with a Brushed Brass finish with warm dim technology in Incandescent or 0-10V dimming options. Canopy: 5 inch diameter. UL listed.
