## Lazer Line Static White Up+Down Suspended Lighting System By PureEdge Lighting

### Description

Lazer Line is a 24VDC Direct/Indirect (uplight and downlight) LED Lighting System providing general illumination for architectural applications. The field-cuttable dual strip channel is sold in 1 inch increments in 6 watts (2x3.3 watts) or 10 watts (2x4.4 watt) per foot. The 6 watt option allows a maximum length of 30 feet with power feed at one end, or 60 feet with two power feeds at both ends. The 10 watt option allows a maximum length of 20 feet with power feed at one end, or 40 feet with two power feeds at both ends. The 4 inch round turnbuckles allow Lazer Line to be positioned 0-90 degrees relative to the mounting surface, creating a 3-dimensional appearance. Mounts to standard 4 inch square junction box with round plaster ring. Paint canopy to blend into wall for a seamless look. Note: A remote Universal (UNI) power supply (dimmable TRIAC/ELV/0-10V) is required and sold separately. System includes Lazer Line Channel (LZUD), Lazer Line Tape, and mounting hardware. May be switched separately. Product is built to order

### Specifications

COLOR	.....	N/A
BODY FINISH	.....	White
WATTAGE	.....	30W
DIMMER	.....	Low Voltage Electronic
DIMENSIONS	.....	60"L x 0.44"W
INTEGRATED LED MODULE	.....	5 x LED/6W/24V LED

### Technical Information

LAMP LIFE	.....	50000 hours
LAMP COLOR	.....	2400K
