Description

The Through The Clouds Pendant takes inspiration from a daydream. Delicate glass clouds float above the viewer, suggesting a different point of view. Obelisks protrude from the clouds, a nod to the ancient Egyptians who worshipped the obelisk as a symbol of Ra' the sun god, creator and giver of all life. Available in two sizes and finished in either Green or Red. Canopy diameter 5 inches. Comes with 13 feet of cable to customize length. CE listed.
