Dondolo Glass Discs Floor Lamp

By Wonderglass

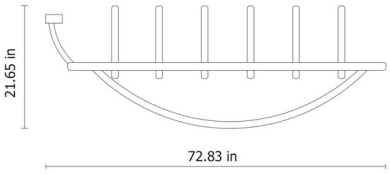

CE

Description

The Dondolo Glass Discs Floor Lamp is inspired by the first satellite sent to orbit, which today represents the most-distant man-made object from Earth. The body of Dondolo is covered by a gold surface that sparkles as if reflecting the sun. Inset glass discs metaphorically imprison light lost in the depths of cosmic darkness. Unique is an understatement, this limited work of art has only 8 units in existence. CE listed.
